

# GREEN DAISY

funeral flowers price guide

# HOW I WORK

I grow most of the flowers and foliage used in my funeral arrangements, occasionally buying in from other British Growers.

This means that the arrangements will always reflect the season in which they have been made.

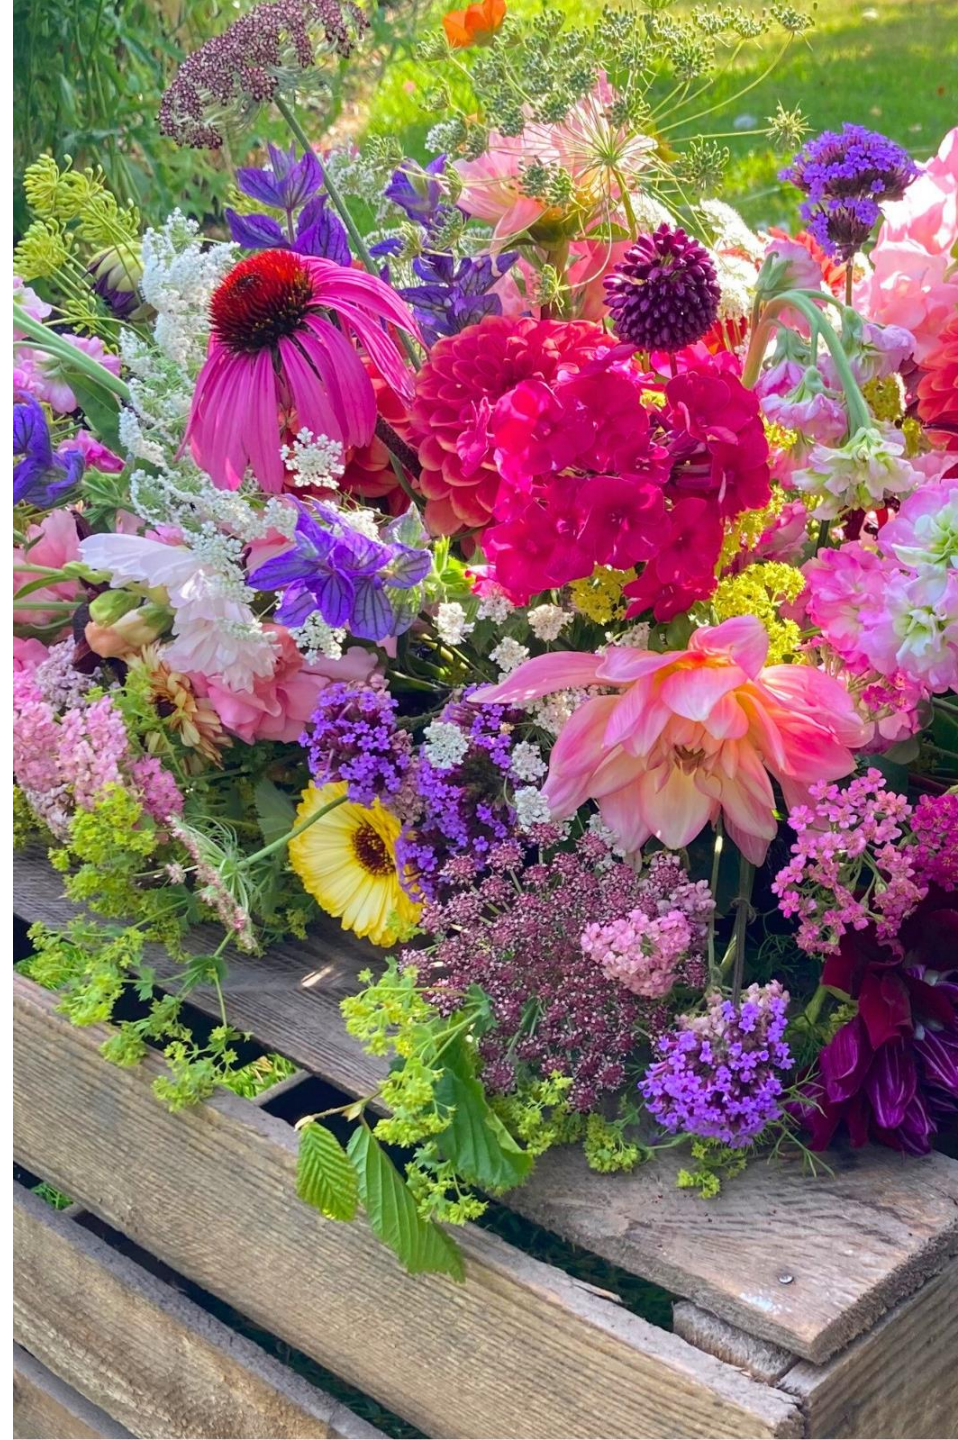

I don't use any floral foam or single use plastics in my work. I use compostable, recycled and bio degradable materials instead.

This brochure details some of the arrangements available but I love to work on bespoke tributes too.

## **Deliveries**

I am happy to work with funeral directors around Shrewsbury and Telford, and further afield too.

Delivery charges may be applicable.

# CASKET SPRAY

A casket spray is a full, long low design that sits on top of the coffin and is available in three sizes. (the width remains the same )

90cm/3ft from **£120**

120cm/4ft from **£160**

150cm/5ft from **£200**

Designs are made using recyclable materials including plastic, but can be made fully compostable for green burials.

# SHARING TRIBUTE

This arrangement looks like a traditional casket spray or sheaf but is made up of individual bunches tied together to form one large arrangement. The arrangement is easily deconstructed to share the flowers between family and friends or used as floral decoration at the wake.

90cm/3ft - 4 bunches from **£160**

120cm/4ft - 6 bunches from **£225**

150cm/5ft - 8 bunches from **£270**

**Compostable and suitable for natural  
burials**

# NATURAL TIED SHEAF

A tied sheaf is simply a long flat backed bouquet made with foliage and flowers, tied with raffia or twine.

On very warm days the sheaf can be given a water source and the stems are then tied in hessian.

Small - 50cm from **£45**

Standard - 70cm from **£65**

Large - 90cm from **£85**

**Fully compostable and suitable for natural burials**

# WREATHS

wreaths are a lovely, simple tribute that are fully compostable. measurements given are for the size of the finished wreath, rather than for the base.

Mossed compostable wreath  
approx 40cm (16 inches) diameter £55  
approx 50cm (20 inches) diameter £65

**Compostable and suitable for natural burials**

# HEART WREATH

Sizes are approximate as the wreaths vary due to their handmade nature. Sizes for birch hearts are from the tallest part of the heart to the tip of the tails.

## **Handmade silver birch heart wreath**

dressed with a garland of seasonal flowers and foliage.

Small (approx 25cm) from **£30**

Standard (approx 45cm) from **£45**

Large (approx 65cm) from **£60**

**Compostable and suitable for natural burials**

# WRAPPED BOUQUET

Bouquets make a lovely additional tribute and can be made to complement other arrangements, bouquets are easily repurposed at a wake or reception, and can be taken home by family members too

Compostable materials are used to keep the flowers hydrated.

**From £30**

**Compostable and suitable for natural  
burials**

## SMALL SWAGS

Swags can be attached to woven or wooden coffins, usually on the ends or sides. Approx 20-25 cm long.

Raffia (biodegradable) or ribbon binding  
These are usually used in groups of four or six to decorate the coffin.

**£20 each.**

**Compostable and suitable for green burials (with raffia binding)**

# BESPOKE

Please get in touch if you would like to celebrate with a personal arrangement, this might be to simply add in some personal items, or flowers and foliage from the garden  
Alternatiely we might work together to create something a little bit different.
